#### **SUMMARY OF THE REASONS FOR DECISION:**

The publication entitled *Riviera*, also known as *Private Gold 44*, is classified as: Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years.

The publication is a DVD with ten moving components, including a feature entitled *Riviera* that has a running time of 145 min 22 sec. The video recording of *Riviera*, with the same running time, has been classified previously by the Office of Film and Literature Classification (OFLC No.2181). In this case the publication was classified objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years and assigned the descriptive note "Contains explicit sex scenes". This decision was registered on 30 January 2001. The DVD feature appears identical to the fore-mentioned video feature. The trailers, notices and non-moving components of the DVD explicitly present sexual activity of the same degree and manner as that in the feature. While this also involves some degrading and demeaning presentations they are not at a level to affect the classification previously assigned.
